

2022 Jeepspeed Outlaws Class (3700) Rules

Commencing: January, 1 2022.

Jeepspeed is a registered trademark. These rules are copyright of Jeepspeed and permission must be obtained before reproduction.

Auto racing is a dangerous sport and may result in injury, or death. Your participation is entirely voluntary and Jeepspeed will accept no responsibility for consequences from your participation in the Jeepspeed Cup or any other Jeepspeed selected events. Jeepspeed Outlaws 3700 class is an extension of Jeepspeed Challenge rules and competitors are responsible for reading and understanding the rules of both classes.

1.0. DEFINITION: The Jeepspeed Outlaws is an off-road racing championship for Jeep or Dodge sport utility vehicles and light trucks that are recognizable as a Jeep or Dodge by brand grill, hood and fenders. Competitors are encouraged to contact Jeepspeed for approval if they have any Jeep or Dodge vehicle that they would wish to enter into the Jeepspeed series. Jeep and Dodge vehicles that conform to SCORE, BITD ,other Desert Racing Series, Ultra 4, Rock Racing, King of the Hammers classes may be acceptable in any one of the four Jeepspeed Classes.. All Vehicles must conform to Best in the Desert (www.bitd.com) or other Jeepspeed race sanctioning body's rules. No expressed or implied warranty of safety shall result from publication of these rules. They are intended as a guide for the Jeepspeed spec rules and in no way guarantee against injury or death to participants, spectators, team members or others. Jeepspeed, its members, sponsors, officers, or staff assume no responsibility, legal or otherwise, for failure or malfunction of any product of manufactures listed in these rules. Code of conduct: Jeepspeed requires that registered competitors and their team members will not engage in any conduct that can be deemed harmful to the goals and reputation of Jeepspeed, its officers, its sponsors and race promoters. Such breach of conduct at Jeepspeed events, at social conventions, on Jeepspeed website or at any time whilst displaying Jeepspeed or Jeepspeed sponsor decals on clothing or automobiles could lead to Jeepspeed Championship point penalties or exclusion from Jeepspeed events solely at the discretion of Jeepspeed. All vehicles must maintain an appearance of paint and bodywork that is acceptable to Jeepspeed's professional image. Jeepspeed reserves the right to accept or decline team entries.

2.0 SANCTIONING BODY REGULATIONS: Jeepspeed rules do not in any way replace or modify the competition and safety regulations issued by the race organizer or sanctioning body. Best in the Desert (www.bitd.com) rules will apply unless modifications are specifically allowed herein. This does not necessarily mean that any organizer will allow you to run in any other Class (in the event that they do not have a Jeepspeed specific class), but you will still be held to the rules for the class that may accept your vehicle. Starting order will be selected by the race organizer. Driver of record must present the vehicle to the Jeepspeed race representative at the Jeepspeed booth at pre-race contingency for verification of Jeepspeed rules conformity. Driver of record, co-drivers and pit crew must also sign all Jeepspeed waivers required before starting the event. Failure to comply will exclude the team from participating in Jeepspeed Classes. If any Jeepspeed team goes through race organizers late tech, or outside published time, that team must also comply with the above before being allowed to race in a Jeepspeed class. Jeepspeed is not responsible for the safety and mechanical condition of any race vehicle. The competitor is responsible for the safety and race worthiness of his/her vehicle. The Jeepspeed Association only describes the specifications of the competition Jeep/Mopar vehicles. The approval of safety equipment and technical inspections will be the responsibility of the event organizers or sanctioning body. The vehicle owners, drivers and passengers assume any and all risks and liability arising from the construction and use of their vehicles. There is a \$150 registration fee for the issuance of a permanent Jeepspeed race number. There is a \$100 per year renewal fee to retain that number. This registration expires Dec 31st of each year. Competitors are notified that it is expressly agreed that, Jeepspeed Association LLC, Totally Jeepspeed Inc. and Jeepspeed, its officers, directors, sponsors, agents and employees have no liability, joint or several, to anyone for the results of any occurrence during participation with race teams. This release of future acts of negligence is given with the intent to waive the protection of Cal. Civil Code 1541 which would have protected your right to have asserted claims about which you do not know.

3.0 PROTESTS, RULE VIOLATIONS, AND PENALTIES: No official protest concerning fellow Jeepspeed competitors is to be lodged with the race organizer without first being submitted to the official Jeepspeed representative at the event. If the involved parties cannot resolve the situation, then it can only be submitted to the race organizer after it is countersigned by the Jeepspeed representative. Bear in mind that many race organizers require a substantial fee for filing an official protest. A \$300 fee will be required to protest another vehicle relating to Jeepspeed specification rules. This fee must be submitted to the Jeepspeed representative at the event at the time the protest is lodged. On occasions a Jeepspeed Competition Review Board may meet with the Jeepspeed representative directly after the finish of the event. This Review Board will assist the Jeepspeed representative regarding rule infractions and penalties. Infractions or noncompliance of the Jeepspeed specification rules may result in a warning or punishment at the discretion of the Jeepspeed representative at the event. A warning may consist of a Fixer Ticket, which would require the vehicle to be within compliance of the rules prior to starting the next event. A minor punishment may include loss of points, loss of one or more finish positions, and or loss of any prize and contingency monies. A major punishment may include disqualification from the event, from a number of subsequent events, and/or a total ban from all future Jeepspeed events. The decision of the Jeepspeed representative at the event will be final. Event organizers will be responsible for enforcing all event and vehicle safety regulations. Driver of record is responsible to ensure all team members sign all waivers and releases before the event. Drivers of record must drive the race vehicle either off the official start or across the finish line of the event to gain Championship points, prize money or awards. The only exception is if the driver of record is injured during the race and is unable to continue during the event safely. Note; Driver of record amendments for all Jeepspeed classes. Prior to competing in any given season teams can designate a Driver of Record and a Secondary Driver. Driver of Record is responsible to ensure all team members sign all waivers and releases before the event. The Driver of Record or the designated Secondary Driver must drive the race vehicle either off the official start or across the finish line of the event to gain Championship points, prize money or awards for the Driver of Record. The only exception is if the driver of record is injured during the race and is unable to continue during the event safely. *Note. If the driver of record has signed all releases and picked up arm band but did not start the race and the vehicle does not finish the driver of record will still receive any points or awards due to him/her *Note. If the driver of record has signed all releases and picked up an armband but did not start the race and the vehicle does not finish the driver of record will still receive any points or awards due to him/her.

4.0 JEEPSPEED CLASS 3700 VEHICLE RULES: This class is an open production class and all components will be considered open unless restricted herein. Jeepspeed retains the right to change or modify the rules at any time. Jeepspeed will do its best to give competitors fair notice of any changes. Note. Custom built vehicles that conform to the spirit of the class may be approved by Jeepspeed to compete in Jeepspeed Class 3700 or Class 4700.. i.e. Must be recognizable as a Jeep or Dodge by brand grill, hood and front fenders. 4.8 CHASSIS AND BODY

4.8.1 Chassis. Stock frames, back halved frames, or Jeepspeed approved replica frames. . Custom frame and tube frame vehicles max 119" wb may be permitted in the class but will be restricted to beam axle front suspension. Custom frame A arm vehicles restricted to Class 4700.

4.8.1.1 Wheelbase on SUVs but must not exceed 119". Jeepspeed will approve stock w.b.+/- 2" on pickup trucks using complete frames.

4.8.1.1.1 SUVs or Pickups with back halved rear custom frames that exceed the 119" wb. might be permitted to run but may have rear suspension travel limits imposed to ensure equality with shorter wb. vehicles ,or moved to Class 4700.

4.8.1.2 Stock frame vehicles must comply with following rules.

4.8.1.3 Stock frames may be notched 8" at the front of the frame for ground clearance as long as the top of the frame rail is not modified. Rear frame may be notched for upward travel of the rear axle as long as the top surface of the original frame remains. Frame cross members may be removed or modified . Stock frames must maintain complete stock longitudinal dimension, except the stock frame may be removed forward of the engine block side motor mounts. Rear frame behind the driver and passenger area may be removed and replaced with a tube frame as long as the 119" w.b. rules are maintained. Vehicles using complete stock frames must remain at stock w.b. +/- 2" permitted.

4.8.1.4 Engine location. The rear surface of the engine block must be in line , or ahead of, the front edge of the driver's seat. Any vehicle constructed and raced prior to 2016 may apply for consideration of a variance.

4.8.2.1 Body must maintain original configuration and appearance. Additional mounts or parts for body strengthening may be added.

4.8.2.3 Hoods, trunk lids, fenders and/or bedsides, and driver and front passenger doors are required to be in the original stock locations but may be of any material. Doors are not required to be operational. Dropped hoods are allowed as long as the stock profile is maintained.

4.8.2.4 Stock grill, or stock appearing grill assemblies are required.

4.8.2.5 Stock frame vehicles must retain steel cab, bulkhead, floor to rear of driver and front passenger compartment, and front door apertures. No internal stock sheet metal is required.

4.8.2.6 Safety glass windshields, sides and rear are optional. Any Jeep or Dodge constructed and raced in any other non Jeepspeed events may apply to be grandfathered into a selected Jeepspeed class, but must conform with maximum wheel travel limits for that class. Vintage Jeeps: Vintage Jeeps meeting SCORE "Vintage Innovators" 1983 to 1992 can compete in Jeepspeed Class 3700 but must comply with wheel travel limits and tire size.

5.0 SUPPLEMENTARY RULES:

5.1.1.1. All Jeeps cannot weigh less than the minimum showroom delivered weight of that specific model.

5.1.1.2 2012 DOR amendments Prior to competing in any given season teams can designate a Driver of Record and a Secondary Driver. Driver of Record is responsible to ensure all team members sign all waivers and releases before the event. The Driver of Record or the designated Secondary Driver must drive the race vehicle either off the official start or across the finish line of the event to gain Championship points, prize money or awards for the Driver of Record. The only exception is if the driver of record is injured during the race and is unable to continue during the event safely. *Note. If the driver of record has signed all releases and picked up an armband but did not start the race and the vehicle does not finish the driver of record will still receive any points or awards due to him/her.

5.1.1.3 Grandfathered cars (Class 1700, 2700 and 3700) Any Jeep constructed and raced before the Jeepspeed rules were first written may apply to be grandfathered. There will be no exceptions on maximum wheel travel limits. Any six cylinder Jeep not mentioned in the current rules may be considered eligible after submitting a written request.

Addendum 2020 Jeepspeed New rule: All Jeepspeed classes will require a minimum of 2 seats and a maximum of 3 seats. Teams must conform with Best in the Desert rules. All seats must be occupied. DRIVERS— CO-DRIVERS SDC1: Each seat in any race vehicle must be occupied during the entire duration of the event as long as the vehicle remains in competition. The maximum number of seats allowed in any Class is three (3). Seating must be designed in such a fashion to allow all passengers a quick exit and must meet with Best In The Desert Racing Association approval. SDC2: Only entrants that are listed on the official Best In The Desert Racing Association entry form may drive or co-drive in the vehicle for which they are registered. In the event of an emergency, any registered arm banded racer may get in may race vehicle, but the registered racer must notify a Best In The Desert race official. Registration is limited to a maximum of four entrants per vehicle.
